Description

The Waterdream California 52 has an unmistakable style. Fresh, refined, and modern lines while still maintaining a classic feel. Ease of use was a priority in the design, resulting in an intelligent, well-thought-out design with attention to detail. Cruising with maximum comfort, at full speed, and anchored is guaranteed on the California 52 thanks to its unique hull lines, centrally positioned steering wheel, and comfortable seating areas. The interiors of Waterdream are designed with extra-high backrests to offer maximum ergonomic support. Additionally, the seats are a bit deeper so your legs are fully supported. Waterdreams are built with 100% recycled aluminum, the most sustainable method for the environment possible.
